### ABOUT ME

Final-year Computer Science and Engineering student skilled in MERN stack development (frontend & backend), UI/UX design, and web development. Quick learner with strong problem-solving skills and a passion for emerging technologies. Experienced in designing and building dynamic web applications, blending technical expertise with creativity. Eager to apply innovative solutions to real-world challenges.

### EDUCATION

#### ER. PERUMAL MANIMEKALAI COLLEGE OF ENGINEERING

B.E. Computer Science and Engineering

2022-2026

#### MODEL HIGHER SECONDARY SCHOOL, OLDPET, KRISHNAGIRI

12th Standard – 86%

2021-2022

### SKILL

- MERN Stack Development (Frontend & Backend)
- UI/UX Design (Figma, Adobe XD, Canva)
- Web Development
- Responsive Design
- Prototyping & Wireframing
- User Research & Interaction Design
- Version Control (Git, GitHub)
- Database Management (MongoDB, Atlas)
- Problem Solving & Communication

### WORK EXPERIENCE

#### Chimertech Private Limited, Chennai – Web Developer & UI/UX Designer

2025 – JUNE & JULY

- Designed and developed the Chimertech official website, Nusaternaku website, and Pawnter website.
- Created UI designs for Play Store previews for the iHeard application.
- Worked on both frontend development and creative UI/UX solutions, ensuring modern and user-friendly designs.

#### Edvedha – Web Developer Intern

2024 – JAN – MAR

- Developed and maintained web applications using modern technologies like React.js, Node.js, and MongoDB.
- Collaborated with a team to enhance website performance and user experience.
- Gained hands-on experience in both frontend and backend development.

### PROJECTS

#### SMART WEB APPLICATION

- SMART Web Application connects users with nearby supermarkets for daily product ordering. It offers location-based product listings, price comparisons, and seamless online purchases.

#### Pizza Delivery Web App (React.js)

- Developed a responsive pizza ordering system using React.js with a dynamic user interface.
- Implemented features like menu browsing, cart management, and order placement for a seamless user experience.

#### Restaurant Smart Online Payment UI/UX Design (Figma):

- Designed a modern, intuitive interface for seamless online food ordering and payment.
- Focused on user flow, responsive layouts, and secure payment interactions to enhance customer experience.

#### Internship Web Application Projects

- Developed live web applications, including Nusaternaku and Pawnter, now published on Google.
- Contributed to both frontend development and UI/UX design, ensuring modern, responsive user experiences.

### KEY ACHIEVEMENTS

- Winner – First Prize in Web Craft, Symposium at Christ College.
- Participated in Code Debugging Symposium (3rd Semester, 2024).
- Participated in App Development Program (Dec 2024).
- Attended Workshop on Artificial Intelligence.
